Principal: Mr David Scales

Dear parents/carers,

February 2026

Re: Nut Free School

I wanted to take a moment to remind our school community about an important safety topic at school.

At Woodfields, we have both scholars and staff who are allergic to nuts – in some circumstances, a life-threatening allergy.

We have today found a nut product (still in the wrapper) on the floor of the canteen. It is not acceptable that any staff or scholars bring a nut product into the school. We are a nut free school and bringing any products containing nuts onto the school site, risks the health, safety and life of staff and scholars.

We are staunchly committed to providing healthy and nutritious meals at school and as part of this we insist that there are no nuts used in any part of the cooking process in our kitchens.

No nut products should be brought into school at all and also products where the allergen information states 'may contain nuts'.

Please help us to make sure our scholars and staff are as safe as they possibly can be, thank you.

Yours sincerely

A handwritten signature in black ink, appearing to read 'D Scales'.

Mr D Scales
Principal
