

*Thank*

**YOU**

**FOR YOUR COMMITMENT**

## Personal note from Chief Constable Winton Keenen:

I would like to offer my sincere thanks for what you continue to do in support of the communities and visitors of Northumberland, Tyne and Wear and by way of inference even further afield.

Please do not underestimate the respect, admiration and appreciation we have for you across Northumbria Police, as it is significant, well-earned and hugely well-deserved.

Whether you are eight, in your eighties, or somewhere in-between, what you do for your communities is truly outstanding – no matter what that role might be and ranging through Cadet leadership, Community Speedwatch, Cyber-crime, Prevent, Rural Crime and the Special Constabulary.

Quite simply - the impact you all make towards improving the lives of others really is amazing and I hope you are all equally as proud of yourselves as we are of you.

Please do stay well during the unprecedented times we currently find ourselves in, arising from the Covid-19 pandemic; so that we can all look-forward to an increasingly positive and worthwhile relationship to the benefit of this fantastic region of ours.

With very best regards,

**Winton Keenen**  
Chief Constable
