October 2016

Dear Parents/Carers,

Just wanted to flag a concern over an 'app' I believe some of our pupils may be using. The app in question is '**Movie Star Planet**', which at first glance appears to be a typical, games based app, focused around a "movie star" avatar that kids can create and then interact with other avatars. You may already be aware of it.

Unfortunately, we have discovered that there is also a chat room and messaging function, within the app, that allows complete strangers to interact and send messages. It is aimed at 8+ and I am sure the majority of users are kids playing the game. However, there will no doubt be more sinister users, or at least older kids having conversations that aren't age appropriate for an 8/9 year old.

My reason for writing is simply to make parents aware of an aspect of the app, which you may not realise is there.

Yours sincerely,

Dean Marshall
