

# Harry Found the Dinosaurs Song

(Sing to the tune of 'Here We Go Round the Mulberry Bush'.)

Harry had found them in the loft,  
In the loft, in the loft.

Harry had found them in the loft,  
He loved his new dinosaur friends.

Harry had fixed and cleaned them up,  
Cleaned them up, cleaned them up.  
Harry had fixed and cleaned them up,  
He loved his new dinosaur friends.

Harry had found a home for them,  
Home for them, home for them.  
Harry had found a home for them,  
He loved his new dinosaur friends.

Harry then lost them on the train,  
On the train, on the train.  
Harry then lost them on the train,  
He lost his new dinosaur friends.

Harry then called out all their names,  
All their names, all their names.  
Harry then called out all their names,  
He loved his new dinosaur friends.

The dinosaurs came right back to him,  
Back to him, back to him.  
The dinosaurs came right back to him,  
He loved his new dinosaur friends.
