

Speech and Language

<p>Name 5 things</p>  <p>... that smell nice!</p>	<p>Name 5 things</p>  <p>... that feel soft!</p>
<p>Name 5 things</p>  <p>... that sound nice!</p>	<p>Name 5 things</p>  <p>... that are blue!</p>
<p>Name 5 things</p>  <p>... that are red!</p>	<p>Name 5 things</p>  <p>... that are green!</p>

- Now try to think of your own "Name 5 things" challenges?

Fine Motor skills

- Draw lines, swirls, squiggles and zig-zags on a piece of paper.
- Use buttons, beads, coins or anything else your child needs to pick up with their fingertips to cover these patterns.
- This is a great activity to develop hand eye coordination.

Working Memory

- Can you complete these patterns?

<https://www.topmarks.co.uk/ordering-and-sequencing/shape-patterns>

Social, Emotional and Mental Health

- Can you look in a mirror and make your face look sad or angry? What makes you feel like that?
- Play this feelings game <https://do2learn.com/games/feelingsgame/index.htm>

Sensory Fun

- Fill a washing up bowl or bucket with water and something that will make bubbles (ie. washing up liquid or bath gel).
- Put in some objects for your child to find hidden in all the bubbles. You could use bottle tops, plastic toys or bath toys you already have.
- Challenge them to find a certain item just by touch eg "Can you find the dinosaur?"
