

### **TV Series Review: Wednesday**

You may have seen the new Netflix series called Wednesday. This series managed to reach No.1 in its first 12 hours of being published. Wednesday is rated a 12 (age) due to violence, language, threat and injury detail so you may have not been allowed to watch it (If you didn't know, Wednesday is about Wednesday Addams' life in high school). However, for those who are interested here is our review:

We would rate Wednesday 4.5 stars because it's a very interesting show with many cliffhangers at the end of episodes. However, in the last few episodes, it rushes the story line a bit. We won't say any more because we don't want to spoil it for people that haven't started/finished watching the series.
