

TRAIN TO TEACH WITH GROBY AND PARTNERS

LUTTERWORTH COLLEGE

Formerly known as Lutterworth Grammar School, we have a long tradition of providing a quality education with high expectations for all our students both in and out of the classroom.

Our motto is Sapere Aude or Dare to be Wise. We dare to be wise in everything we do; we want our students to be the best they can be.

Lutterworth College is a school steeped in history and we are proud of our rich heritage. We have always had a strong reputation for providing a high quality education for young people and we have a track record of delivering results for our students when it counts.

In 2017 we achieved our best ever results at both GCSE and A Level and we are committed to maintaining our impressive record. Achieving great examination outcomes is important for young people to be able to pursue their dreams, but we know school life is about so much more than certificates and qualifications. This is why we place just as much emphasis on our pastoral care and support for young people so they are able to flourish and succeed during their education here. The holistic development of our students into responsible, mature and respectful young adults is incredibly important to us and providing them with a breadth of opportunities and extra-curricular activities is a fundamental part of what we do.

In 2015 we introduced our first cohort of Year 7 students to the school since the 1960's and they have flourished in their first year here. Our Sixth Form is thriving and with over 400 post-16 students we offer an extensive choice of subjects with over 30 A Level and Vocational qualifications for students to choose from.

We are an inclusive College; we attach great importance to understanding each student's individual needs, helping all our young people to make the best of their abilities.
