

## TRAIN TO TEACH WITH GROBY AND PARTNERS

## ROUNDHILL ACADEMY

At The Roundhill Academy we are an inclusive school focussed on delivering high quality teaching and learning and insisting on the highest standards of behaviour from all of our students. We are a highly successful, oversubscribed school that is a member of The Bradgate Education Partnership.

We expect our students to be the best that they can be, both inside and outside of the classroom.

Our vision is for students to be lifelong, reflective learners who develop the skills, values, character and attributes necessary to become global citizens able to meet the demands and challenges of the 21st century.

Our values are based on the 4Rs that we are developing in all of our students; reflect, respect, resilience and responsibility.

We want our students to surpass their academic targets, to be involved in all areas of school life and to thoroughly enjoy their time at school. The enrichment entitlement statement demonstrates the importance we place on this area of the curriculum.

Our ethos is to encourage all members of The Roundhill Academy to believe in themselves. They will engage with their local and the global community and aspire to achieve their full potential. We are convinced that by believing, engaging and achieving students will succeed at school and in their future lives.
