

TRAIN TO TEACH WITH GROBY AND PARTNERS

THE WINSTANLEY SCHOOL

Winstanley is a small school (120 max in each year), where each individual is a part of a community where adults know the students well. Our SHINE values; Supporting others, Hard work, Independence, Never giving up and Excellence underpin everything: we strive for all members of the community to “SHINE brighter than you thought you could...”. We pay first attention to best conduct and recognise that developing positive relationships enables young people to succeed. We regularly celebrate and reward achievement and effort. The recently awarded Inclusion Quality Mark Inclusive School Award identified that inclusion really is at the core of the culture of the school. We are part of the LiFE Multi- Academy Trust and work closely with Bosworth Academy.

Our curriculum is focused on developing confident well rounded individuals that are excited by learning. Using authentic experiences and quality first teaching we aim to raise aspirations and inspire all our students to aim for excellence in all they do. We encourage participation in wider - curricular activities such as music, sports, charity events, and educational trips, as we believe these play an important part in the development of successful young people.
