16.06.20

Dear Parents

We hope this letter finds you and your family safe and well. It has been and continues to be a very unsettling and stressful time for us all and we wanted to contact you to keep you up to date with what is happening with your son/daughter's transition into Post 16.

With an aim to support year 11 students in their transition to year 12, we have started to deliver transition work through our online platform Google Classroom, to all students who have applied to Brookvale Groby Post 16. The students were invited to the Classrooms for their chosen subjects, introduced to their teachers and have engaged amazingly well in all the work that has been set. We are very excited by the high engagement of the students with the work, under the circumstances, and feel they have been getting a really good and varied taste of what the work at A level is all about and what is expected of them. This extra transition work, which we would not normally be able to deliver to this extent due to exams, will start to prepare them for their 2 year A level journey and allow them an insight into the organisation, time management and independent study that is so essential at A level. A huge well done to all the students for their engagement with this work.

We have also set up our own Post 16 Transition Classroom and have started to send out posts introducing the Post 16 Team, our Enrichment Program and any other information we need to get out to all students. We will be using this platform to keep them as up to date as possible in this ever changing journey towards the new academic year.

Due to the current circumstances we are in the process of moving our Taster and Registry Days online and holding these virtually to comply with the current government social distancing regulations. We want to be able to give the students as much as we would have done had we been in school and feel we can deliver this virtually to them. We will be sending out further information regarding these days as soon as they have been finalised.

As always our Post 16 team is on hand to support parents and students and if you have any questions, queries or need any advice then please do not hesitate to get in touch.

post16@brookvalegroby.com

Best Wishes and we look forward to welcoming your son/daughter into Post 16 in the Autumn term.

Michelle Cheadle
Head of Post 16
