Dear Parent/Carer

Revision Guide for Year 10 Sport Studies Course

I am writing to you to inform you of the opportunity to purchase a revision guide for your son/daughter, which will be hugely beneficial in the lead up to their OCR Sport Studies exam in January 2021. The revision guide itself covers the unit titled: "Contemporary Issues in Sport" and this exam-based unit is worth 25% of the overall qualification. Within the guide it covers key topics such as:

- The issues which affect participation in sport
- The roles of sport in promoting values
- The importance of hosting major sporting events
- The role of national governing bodies in sport.

The 16 page guide is creatively written and illustrated to ensure it is a 'student friendly' tool for revision. I strongly recommend purchasing the guide to support your son/daughter in the build up to this exam, not only for the quality, but also the price of just £4.00.

The guide is available to pay for on Parentpay. **The deadline for payment is Sunday 4 October.** An order will then be placed and the revision guides will be distributed to students in lessons.

It is important to note that this is a 'one-time' opportunity to buy the revision guide via the school.

Yours sincerely

J Brownett
