

Third Party Websites for Educational Resources

Privacy Notice

The use of web based educational resources has risen steadily over the last decade and are increasingly being used by teachers to improve student learning outcomes.

Our school and teachers make decisions about the best technology to meet the needs of our students. Sometimes it is beneficial for students to utilise services provided by third party web based providers. Brookvale Groby Learning Campus wishes to utilise the third party web based service provider/s listed below to aid students learning. For students to use the service the teacher will need to register them as a user. Registering with these providers may require students' personal information to be disclosed to the provider of the service.

Note: It is not compulsory for you to provide this consent – If you decide not to provide consent, this will not adversely affect academic achievement, or any relationships with teachers or the school. Before you complete this consent form it is important that you understand the reasons that these websites collect this information, what will be done with it, who else may have access to it and where the data is stored.
