

14 January 2021

Dear Parents/Carers

**Re: Year 9 Options Evening (Thursday 14 January, 6-7pm)**

Please find a link below to our Virtual Year 9 Options Evening. This presentation contains a brief overview of the options process for this year.

**[Year 9 Options Presentation](#)**

Next week Year 9 students and their parents/carers will be sent an electronic version of our Options booklet. Students will also have their first introductory assembly about this year's option process.

During the following three weeks students will have individual subject assemblies which will give them more information about what the courses on offer at KS4.

During the last week of these assemblies the electronic option form will be sent home for completion along with clear instructions on how to complete it.

Below is a link for you to register any initial questions about this introductory presentation or the option process. This form will also be re-sent with the option form for any students/parents who may need more guidance on choosing their options following assemblies.

**[Initial Questions Form](#)**

Kind regards

Carol Hubbard  
Deputy Headteacher - Curriculum
