

29 January 2021

Dear Parent/Carer,

Year 11 Exam Success 20-21

It is clear from the consultation document, which was shared with you two weeks ago, that although exams have been cancelled, students will still be expected to sit assessments which will be used to decide their grades. Students should therefore be preparing for these assessments in the same way they would do if they were facing a normal exam season.

In previous years we have run an 'Exam Success Evening' in which we aim to make sure parents feel fully informed and able to support their child's revision and preparation for their Summer exams. Parents would often attend with their children and after an introductory talk would pick workshops to go to.

This evening is on the calendar for Thursday 4th February but this obviously cannot go ahead in the normal way. We do, however, still want to give you and your child the best support possible in preparation for their upcoming assessments. In order to support you, we have made a number of revision presentations which are available for you to watch with your child. These can all be found on our website under the revision section:

<https://brookvalegroby.com/revision-presentations/>

You will find some general revision presentations as well as individual subject presentations. We hope that you will find these useful.

We will also be running assemblies during tutor time for our year 11 students. These will cover topics such as working hard, staying engaged, time management, managing stress and revision strategies, which we hope will further support them during this time.

Once the consultation is complete we will write to you again with more details about how we will be assessing students at the Brookvale Groby Learning Campus.

Once again can I thank you for your continued support. By working closely with you we can make sure that your children are as well prepared as possible for future success.

Kind regards

Carol Hubbard
Deputy Headteacher
