March 2021

Dear Parent/Carer of Year 12 Students

Glenfield Virtual Careers Event 2021

As part of our MedHedz programme we offer a trip to Glenfield Hospital. This experience is open to all our students in Year 12. Understandably, this year the field trip has to be cancelled. In its place Health and Social Care, Leicester, Leicestershire and Rutland (LLR) have put together a Virtual Careers Event with various staff members from Glenfield Hospital.

This event will take place on Monday 19th April between 09:30 – 12:30, it will be conducted through Microsoft teams and the link to the event will be released nearer the time. I will be at the event for safeguarding purposes. The event is classed as a trip so all students attending will be off timetable for the duration. Students will be expected to attend Period 5 if they have a scheduled lesson. The event is free.

To strengthen the experience and atmosphere we would like students to attend the event in school, however students will also be allowed to attend from home if they wish.

Earlier in the year students were surveyed to see what they would like to know about, from this information LLR have built this programme:

- Nurses (various roles)
- GPs/Doctors/associate practitioners
- Physio/Occupational therapist
- Biomedical science labs/histology/pathology
- Introduction to apprentices/pathways and different apprenticeship careers
- Social care/palliative nurse

All year 12 students have received a link to a google form via Google classroom and email to express their interest in this event. The deadline for this is Monday 12th April.

If you have any questions or require any further information on the event, please contact me by email: hdymond@brookvalegroby.com or by phone: 0116 287 9921 Ext. 295.

Yours faithfully,

Hayley Dymond
Campus Careers Advisor
