

Dear Parents/Carers

We have just lived through something that few generations will ever experience again. I personally think we have much to be proud of, in how we met the significant challenges of this past year and these will have been vastly different for you all and your unique circumstances. There will have been positives from this experience, even though much is shared about the negatives and I want to look now to the future.

So I would like to know what, with all that has happened, you really want or really need from your school (Our school) in the year ahead.

I want to be very clear with you all. I want this school to be the best in the country and I want your children to get the best possible educational experience. I want all our learners to progress to amazing careers and have wonderfully fulfilled lives. I, along with the rest of the BGLC team, am determined to make this a reality and we are planning now for next year.

To this end, it is only right that you are involved in this planning process and your voice is heard and considered.

We invite you to share your thoughts and offer constructive feedback complete our “What Next?” survey by following this link:

Thank you in advance and remember working together we can achieve great things for our young people.

Yours sincerely

Will Teece
Headteacher
