Dear Parents/Carers

A Level Computer Science Companion for Year 12 Students

Your child is currently studying A Level Computer Science and there is an excellent resource available to help prepare students for their exam.

The cost of the resource (provided as two spiral bound photocopied booklets) is £3.70.

Purchasing this resource is entirely optional, but I would highly recommend it to help your child when revising at home and in lesson time.

The companion covers the whole A Level theory supported with examples, images and diagrams to engage students. It is packed with questions and tasks to test understanding and application of knowledge. The resource follows the specification to the letter and includes tracking sheets. Answers and solutions are provided for every question.

If you would like to purchase the *A Level Computer Science Companion* please can you make the payment via Parent Pay by **Wednesday 19 May 2021**.

If you have any questions, please email me on ptemperton@brookvalegroby.com

Kind regards

Pete Temperton
Teacher of Maths and Computing
