

2nd September 2021

Dear Parent/Carer,

GL Assessments

In our original letter on [26th August](#) we said we would let you know if there was a change to any of the schedule.

For 7R2 and 7S2, please find below an amendment due to their first GL English Assessment not being able to take place as scheduled.

[7R2 English Assessments only](#)

[7S2 English Assessments only](#)

All other assessments are as the original timetable.

Students will get instructions before each assessment. Students will complete all assessments on a computer and will need headphones to listen to the instructions. We will not be able to provide headphones for all students, so if your child has their own headphones, please can they bring them into school on the days they have the tests. The connector needed for our computers look like this (wireless headphones will not work):

Students do not need to prepare for these assessments.

Kind regards

Carol Hubbard
Deputy Headteacher - Curriculum and Assessment
