

Business, Computing and ICT

Work Hard, Be Kind

KS4 Digital Information Technology at Brookvale Groby Learning Campus

Course	BTEC Digital Information Technology Level 1/2
Introduction To	Course Overview
Introduction To Course	Course Overview
Coorse	In this qualification you will develop important technical skills in data interpretation, data presentation and data protection. You will cover
	aspects of user interface (UI) design and development, and learn how
	to develop a project plan for your own UI designs. Cybercrime is an
	increasing threat – understanding the different types of threats and
	how to mitigate against them is vital to any business that uses and
	retains sensitive data. You will develop an understanding of what
	cyber security is. You will also learn about project-planning tools,
	models and techniques within a digital context. Digital projects today
	often involve working with diverse teams across different locations.
	You will develop an understanding of what a virtual work environment
	is and how cloud technologies allow remote teams to work together
	more effectively.
	Course Breakdown
	Component 1: Exploring User Interface Design Principles and
	Project Planning Techniques
	- How to plan a project. Different types of interfaces. How to
	design a successful product.
	Component 2: Collecting, Presenting and Interpreting Data - Spreadsheets and Databases
	Component 3: Effective Digital Working Practices
	- Data security and protection. Legal & ethical issues. Cloud
	technologies.
Who To Speak To	Mr Ian King - Course Leader <u>iking@brookvalegroby.com</u>
	Miss Jackson – Teacher of Computer Science and IT (ajackson2@brookvalegroby.com)
	(diacrous and on Adjectual)
