

October 2021

Dear Parent/Carer

GL Assessments in Science for Year 9s: Thursday 9 December

I am writing to inform you of the upcoming end of year 9 assessment that all year 9 students will sit on **Thursday 9th December lessons 1 and 2**. The assessment is the GL assessment which will be online and students are asked to bring a set of headphones in preparation please. If they for any reason miss the assessment that day there will be opportunity to catch up.

The assessment is split into curriculum content areas of Biology, Chemistry and Physics and assesses two dimensions of science learning:

- Science content Knowledge and understanding
- Applying science skills

In preparation I have attached a revision checklist for all the topics that they have learnt throughout KS3 which also includes the CGP revision guide page numbers. They will also have revision time in lessons in the weeks approaching the assessment but we encourage students to start revising little, often and early.

The assessment will be used in part, to inform which set students will be placed in year 10 and if they would be a suitable candidate for triple Science so it is important that they prepare thoroughly.

If you have any further questions please do not hesitate to contact me on dgajjar@brookvalegroby.com

Yours sincerely

Ms D Gajjar
Assistant Faculty Lead Science - KS3
