11 January 2022

Dear Parent/Carer

Deadlines for ADT Subjects

I am writing to communicate the Yr11 Art and Design deadlines so that you are fully informed of when your son/daughter is due to complete their NEA units. This academic year, your son/daughters grade is based solely on their coursework as changes to support the students due to COVID meant that this cohort are not carrying out an exam unit. It has been stated by the exam board that all students must complete all coursework units to be formally marked and moderated.

- For AQA **Art**, the **Final Deadline** for all students to have their NEA units completed is **Friday 11th March**
- For Eduqas **Graphic Design** and **Textiles**, the **Final Deadline** for all students to have their NEA units completed is **Friday 8th April**

***Please note that no extensions will be granted after these deadline dates.**

When students have handed their work in, they will complete all necessary paperwork in lessons as well as printing out work for display purposes in preparation for the moderator visit. No work will be changed during this point as we will be carrying out the formal marking and moderation process and will have a formal record of what was formally submitted by the students.

As we are now approaching this deadline, it is vital that all students are keeping up to date with weekly deadlines as well as acting on feedback given to them from their subject teachers (verbal or written feedback) to improve their marks. All our Year 11 students should be completing tasks at home as a part of their homework. This can be very difficult to write as a post on Google Classroom as the students' projects are all so individual and they have to complete different things. Students are required to clarify any misconceptions in lessons with subject staff so that they are aware of what they need to be completing.

We will continue to work hard with all students and if you have any questions or concerns, please email your son/daughters subject teacher or myself so that they or I can resolve any queries.

Kindest Regards

S Dixon
