January 2022

Dear Parent/Carer

Re: Maths Revision Resources – Year 12 and 13

We have recently been given the opportunity to buy some of the published revision resources produced for the Edexcel A Level Maths course. These are available to us at a discounted cost that we are then able to pass on to the students.

The Pearson series of revision materials are written by the same people that are involved in writing and setting the exams. In the series is

- a revision guide (knowledge-based)
- a revision workbook (skills practice, topic-by-topic), and
- a practice paper compendium (exam-style questions on all topics).

Each of these individual books is available at a cost of £6.00 each (RRP is £11.00). This set of materials is appropriate for both year 1 year 2 of the A Level Maths course. Most students choose to buy all three books, which we recommend.

These revision materials would be extremely useful for anyone studying the A Level Maths course, and we strongly recommend to all of our students that they would benefit from buying and using them.

Please visit your Weduc account if you would like to purchase these resources. The option to purchase will be open until **Sunday 23rd January 2022.**

Pearson A Level Maths Revision Series

Revision Guide: ISBN 9781292190679

Revision Workbook: ISBN 9781292190600

Past Papers Pack: ISBN 9781292213262

Unfortunately, once an order has been placed by the college, it is unlikely that another order will be placed during this academic year. However, these books are available online and from other suppliers at the normal RRP.

Yours sincerely

Ian Maynard Smith
