Re: Instrumental Tuition

We are currently in the process of organising all instrumental tuition for the coming academic year. If your child currently receives instrumental tuition then that should continue at BGLC and your child's teacher will hopefully be in touch with you. If you are in any doubt about this please check with your child's teacher. If your child doesn't already have tuition and has expressed an interest in learning a musical instrument or taking singing lessons' please take a look at the teachers we have available below. If your child wants to receive lessons on an instrument and we don't have a teacher we will endeavour to organise that for you.

Here is a list of our current teachers and what they offer. Please contact the teachers directly if you are interested in organising lessons for your child. You do not need to fill in the reply slips. Currently we don't have a brass or string teacher working on campus but this is something we can arrange as we have contacts for teachers that have worked on campus in the past.

We do have some funding available to help with the cost of lessons for those students who receive free school meals or who are currently on the Pupil Premium list. Currently we offer fully paid tuition for those students who study GCSE Music or BTEC Performing Arts and reduced cost lessons for students in years 7-9 who agree to participate in an extracurricular activity. Extra-curricular activities in Performing Arts are many and varied. Your child's contribution could be to perform at a school concert or event; alternatively, your child may prefer to join one of the Music clubs or be a part of the school production. If you think your child qualifies for funding then please let us know before contacting teachers directly.

If you have any questions regarding any of the above please do not hesitate to contact me at lsmith@brookvalegroby.com

Yours faithfully

Mrs Laura Smith
Head of Performing Arts
