

# Year 9 History - Consolidating the skills

In year 9 you will begin to master the key skills in History and apply them to topics centred around the theme of Civil Rights. These include, describing, explaining, analysing sources, analysing interpretations and mastering key second order historical concepts such as cause and consequence.

In the last term of year 9 you will begin to look at the GCSE topic of America during the 1920s. Studying aspects such as the economic boom, the changing role of women, gangsters and prohibition.

# Year 9 Citizenship - Consolidating the skills

In year 9 you will focus primarily on the rights and responsibilities of all people within Britain, especially those that are seen as minorities or oppressed peoples.

Focussing on rights and responsibilities in year 9 links directly to the History curriculum as we will be looking at the Suffragette movement, Slavery and the Holocaust.

This Citizenship unit allows students to understand the stories of the people who live in the same country as them.
