All students are automatically added to their Key Stage Careers Google Classroom. Check in frequently to read the weekly 'Careers Focus' slideshow of upcoming careers events and online opportunities.

We have two specialty classrooms; **Apprenticeships**, for students who are interested in gaining an apprenticeship (year 11 and year 13) and **Medhedz**, for students that are interested in medical, dentistry or veterinary careers.

Highlights from 2021-2022

Our All Years Careers Programme supports our students in choosing 14-19 pathways that suits their interests and skills, and inspires them to consider a range of careers to ensure sustained employability throughout their working lives.
