#### All Years

- **Arbor News** - We're excited to announce that the Arbor App now supports biometric login so logging into the Arbor App ([Click here for details](#)) will be a lot easier for you. Updates include:
  - No more entering login details every time - the App will now save parents' email address and password, eliminating the need to re-enter them each time they login
  - Parents/Carers can use their existing login method - whether that's face or fingerprint recognition, or their device's pin code.
  - For Parents/Carers with children at different schools, it's now easier and faster to switch between them.
