BEHAVIOUR & STANDARDS POLICY

2022 - 2023

Reviewed: December 2022
Next review: December 2023

Behaviour and Standards Policy

The Brookvale Groby Learning Campus believes that the highest standards of behaviour, maintained in an environment where all are valued as individuals, are crucial to ensuring that all students fulfil their academic potential and become happy, confident members of their communities. Our unofficial motto of “Work hard, be kind” represents our culture ensuring young people achieve their academic and social potential.

On this campus, success is encouraged through the positive reinforcement of good behaviour through praise. It is our responsibility to promote confidence, self-esteem and resilience through challenge, encouragement, recognition, incentives and rewards that are appropriate to the age and academic stage of each individual student.

This policy aims to promote the positive in each individual student but also recognises the need for consequences where behaviour falls below expected standards for the campus.

There are two strands to our campus approach to maintaining high standards of behaviour for students in Key Stages 3 and 4:

1. **Standards.** By encouraging respect for themselves, adults, one another and the fabric of the campus, and by insisting on punctuality, uniform and equipment, this campus aims to be an environment in which students feel part of a positive, safe community where they are fully prepared for learning.
2. **Protecting Learning.** The Brookvale Groby Learning Campus is committed to maintaining the right of students to learn and teachers to teach. Where a student's behaviour impacts negatively on their own or others' learning in the classroom a “3 strikes and you're out” approach is adopted. This gives students the opportunity to take responsibility for and make choices to correct their own behaviour within an incremental sanction system.

The Campus Code (school rules) is displayed in all classrooms and shared with all new students during their induction period, along with the Campus Culture.

The day to day management of behaviour in Key Stage 5 is documented in a separate policy although all students, regardless of age or key stage, come under the wider remit of this document.

SEND and Equality

In “Valuing Everyone” on the Brookvale Groby Learning Campus it is our intention and duty to ensure that the needs of all students with SEND are met, and where necessary, reasonable adjustments are made. This is true in the case of behaviour and discipline as it is in every aspect of our work.

Students will not be subject to a sanction as a result of behaviour which arises from either a failure to meet a student's special need or to make reasonable adjustment that could have prevented that behaviour occurring.

Where the behaviour of a student with SEND is found to have breached the Campus Code, and where appropriate support has been in place, the investigation of the incident and sanction following it will take due notice of the needs of that student. Reasonable adjustments will be made to the usual processes and sanctions as determined by the needs of the individual student.

There may be occasions when pupils who receive in class support are required by their LSA/TA to temporarily leave the classroom. This may be for a range of different reasons and arise as a result of a professional judgement made by the class teacher or LSA/TA. It should be explained clearly to the pupil what the purpose of this request is and that it is not necessarily an indication of disruptive behaviour by the pupil concerned.

Examples of when such a situation may arise include:

A silent class assessment activity where a pupil requires additional verbal support from their LSA and where such conversation may cause embarrassment to the pupil or disruption to others.

A planned noisy classroom activity which may impact negatively on a pupil with sensory impairment.

Choices and Consequences

Standards Detentions

The Brookvale Groby Learning Campus promotes positive attitudes. Where behaviour and attitudes fall below the expected standards, as laid out in the Campus Code and Campus Culture documents, students will be issued with a break time Standards (S) detention on the same or following day.

Where behaviour on the way to and from school, on school visits or activities, when a student is wearing school uniform or when the behaviour of students out of school is likely to bring disrepute to the school a Standards detention or other sanction may be issued.

If a student fails to attend a Standards detention, or if their conduct in detention is inappropriate, a 30 minute lunchtime SLT detention will be issued.

If this detention is missed, conduct within detention remains unsatisfactory or where there is repetition of the same shortcomings, an after school detention will be issued. After school detentions last until 4.00pm. The campus retains the right to issue Saturday detentions in exceptional circumstances. Although schools are not required in law to request permission to keep a student for an after school detention, we will inform parents / carers 24 hours before the detention. It is the parent's / carer's responsibility to ensure that their son or daughter can get home safely after any such detention.

Any teacher who sets a Standards detention may issue the student with a detention slip and then place the school copy in the designated collection point. The detention will be recorded on the system by admin staff. Alternatively teachers may choose to record the detention themselves using the Arbor (school data management portal) system.

Detention activities may include catching up missed work, sitting in silence, writing lines, written work related to the nature of the behaviour or community service, activities e.g. collecting books, tidying chairs, litter picking etc.

Protecting Learning – Behaviour in the Classroom

Staff on the Brookvale Groby Learning Campus are encouraged through their induction programmes and CPD training to demonstrate high standards of behaviour management in classrooms. We expect all staff to adopt a positive and non-confrontational approach. Staff are trained in de-escalation techniques and are encouraged to use their own strategies to challenge poor behaviour, only using the C (Choices and Consequences) system when a student continues to demonstrate behaviour that distracts from our core purpose of learning.

We also uphold the fresh start principle. Consequences from previous lessons should not be brought to a new lesson (subject to appropriate sanctions having been satisfactorily served). Students start each lesson with a clean slate.

Students are encouraged to understand the seriousness and impact of disrupting their own and others' learning.

If a student disrupts the learning environment, a member of staff will use this process in order to protect learning for all of those in the classroom. The C system is built on the premise that disruptive behaviour in the classroom has Consequences but that a student can make Choices for themselves to preserve their entitlement to remain in a classroom.

Warning

Where a student's behaviour is having a negative impact on their own learning or that of others they will receive a warning that continuation of the behaviour will lead to a C1 detention. Where practicable, and particularly with students in key stage 3 or with SEND, a visual cue will be used e.g. name on a board.

C1

Where the disruptive behaviour continues the student will be given a C1. This will also form a student's final warning before being removed from the classroom. The teacher will record the C1 on the student's behaviour log and a Behaviour point will be added. This will be viewable by parent / carers on the Arbor system.

C2

Where a student chooses to continue with their disruptive behaviour a C2 will be issued.

At this point the student will be sent from their class to the remove room. The remove room will be staffed by a teacher or another adult who will be informed via email of the imminent arrival of the student. Students have 4 minutes from the time on the email to arrive at the remove room.

Once in the remove room they will be asked to work in silence using Knowledge Organisers for their year until the end of the lesson. If they have been cooperative they will be then able to go to the following lessons. An after school detention will then be served until 4pm, usually on the day following the removal, with a member of the Senior Leadership or Pastoral Teams of the school. Failure to attend will result in further sanctions.

Detention activities may include catching up missed work, sitting in silence, writing lines, written work related to the nature of the behaviour or community service activities e.g. collecting books, tidying chairs, litter picking etc.

Parents will be informed by telephone call or email of the reasons for the removal by the teacher of the class from which they were removed.

A record will be made by the same teacher on the student's behaviour log and a Behaviour Point added.

Students who do not cooperate with the remove room rules or who receive two removes in one day will be transferred to the Achievement Support Centre (ASC - isolated learning area) where they will remain including during break and lunchtime for the rest of the day and possibly longer depending on individual circumstances.

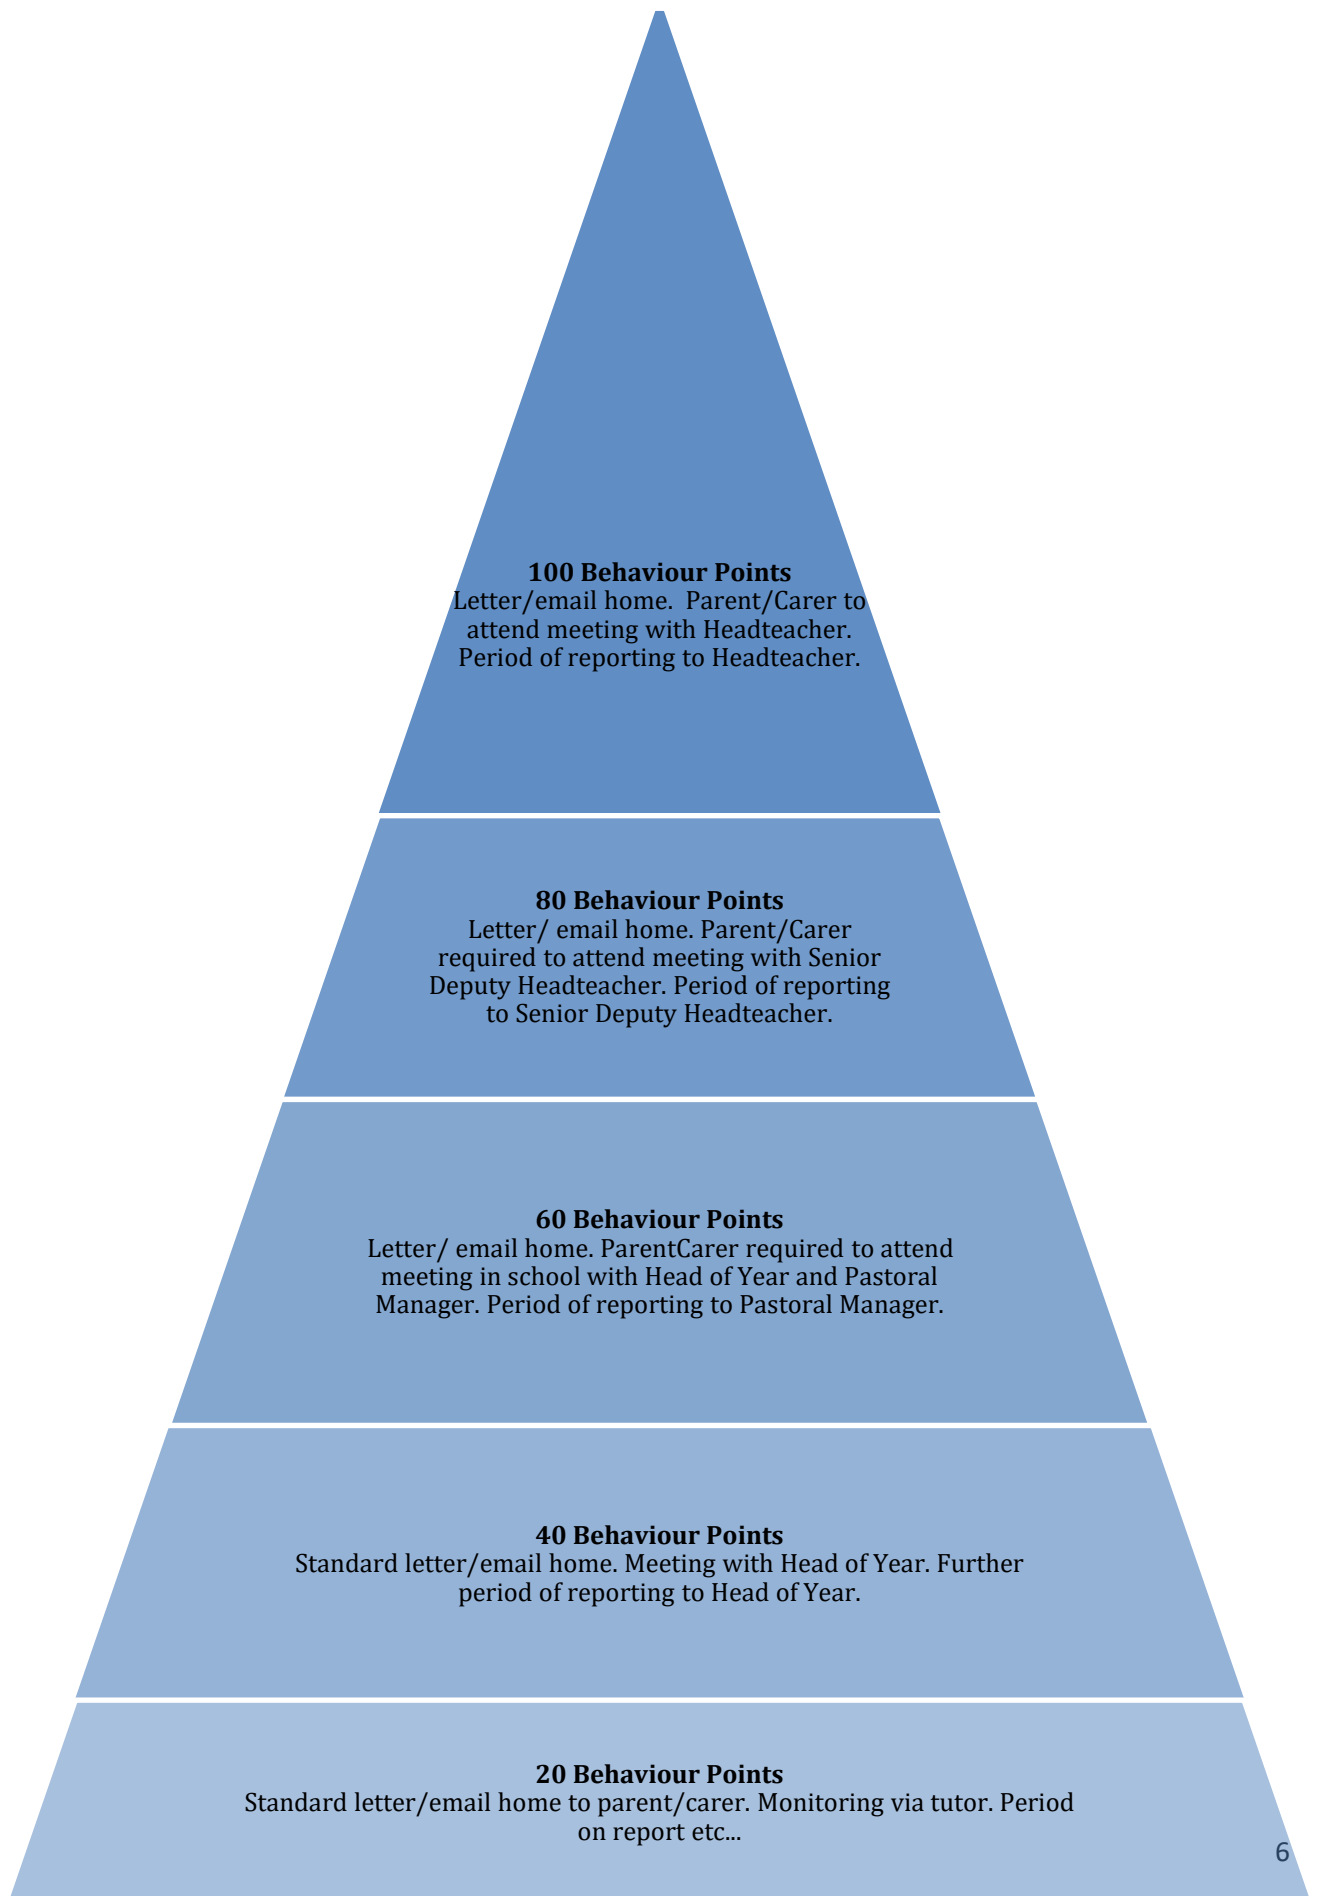

C3 and Serious Incidents

While C sanctions are designed to promote a graduated response to disruptive behaviour and empower students to make good choices and protect their own and others' learning there may be instances where it is inappropriate to work through from a warning to a C2. These might include, but are not limited to, the use of foul, abusive or aggressive language or actions, bullying, racist, sexist or homophobic language, serious health and safety breaches in practical subjects, intentional damage of others or school property. In such situations teachers may immediately escalate to C3 sanctions.

In such a situation a member of pastoral staff "on call" will be summoned to the classroom to remove the student. They will not go to the remove room but instead go straight to the ASC. Sanctions that follow will be determined by the seriousness of the incident by pastoral staff and / or members of the Senior Leadership Team.

Escalation Procedure

In most cases a one off sanction will prove to be sufficient deterrent to repeated poor behaviour. However where students fail to respond to these usual routines an escalation process is in place. This consists of a series of notifications to parents, additional sanction for students and meetings in school with parents. Through this graduated response it is hoped that students will recognise the imperative to change their behaviour, parents will be kept informed and included and the school will be able to maintain a positive learning environment for all students. **Please see the escalation pyramid over page:**

Bullying

The Brookvale Groby Learning Campus is firmly committed to ensuring that all students are able to attend school free from the fear of bullying. Each school has its own Anti Bullying Policy which clearly determines the sanctions that are applied where bullying is identified.

In summary these include, but are not limited to, detention, internal fixed term and permanent exclusion. A full copy of the policy is available via the campus website or by contacting the school directly.

Sexual Harassment

The Brookvale Groby Learning Campus recognises that schools can be places where incidents of Sexual Harassment take place. As such a Sexual Violence and Sexual Harassment between children in school Policy exists which can be read in conjunction with this policy and which outlines in detail our approach to this specific issue. Where unacceptable behaviour includes elements that could be described as Sexual Harassment in addition to recording the incident on the Arbor system staff will also make a record on CPOMS which will include the Sexual Harassment tag for tracking purposes.

Malicious Allegations against Staff

Where an investigation proves that an allegation by a student against a member of staff is unfounded and/or malicious sanctions will be imposed taking into account the individual circumstances of the allegation. These may include, but are not limited to, detention, internal, fixed term or permanent exclusion.

Recording of Incidents

All incidents that result in a C1 or 2 are the responsibility of the class teacher and must be recorded on the appropriate school's database (Arbor) system.

Class Teachers

Class teachers are responsible for behaviour in their own classrooms. They should seek to create positive professional relationships with individual students and classes. Good lesson planning should, where necessary, include planning for behaviour management. The Brookvale Groby Learning Campus recognises that all teachers from time to time will benefit from advice and training regarding behaviour management, and class teachers are encouraged to make use of support from Faculty Leader and the pastoral teams when necessary.

The certainty of a sanction is more effective in changing young people's behaviour than the severity. Class teachers are expected to be consistent in their administration of the C system.

Where disruptive behaviour, even at a low level, is repeated, teachers are encouraged to contact parents and where possible meet with them, supported where appropriate by the Faculty Leader

Faculty Leader

The Faculty Leader must monitor the C levels issued in the department on a weekly basis and where necessary take appropriate action to support students and groups to improve their behaviour within the department. This may be done in conjunction with members of the department, an SLT link, (a member of the Campus Senior Leadership Team attached to the department), or Pastoral Team and/or SENDCO.

They should also be able to offer advice and guidance to colleagues to enable them to manage behaviour effectively in their own department and where required support restorative interventions.

Form Tutors

Form Tutors should encourage positive behaviour amongst their tutees. From day 1, Form Tutors should be aware via Arbor of those students within their form who are experiencing difficulty in managing their behaviour, and should take swift action to mentor, contact home, and if appropriate, sign post to further support. The Form Tutor will issue and monitor tutor reports as appropriate.

Campus Pastoral Team

The Pastoral Team must monitor all behaviour incidents across the campus on a daily basis. They will identify individual students/groups whose behaviour requires support and intervention at a level above that provided by the Form Tutor, and will set up and lead programmes that enable students to improve their behaviour. This will involve liaison and coordination of outside agencies, links with departments, SENDCOs and contact with parents. They will be responsible for conducting and administering Standards detentions. Students may be issued with reports by the Campus Pastoral Team.

Parents and Carers

Effective partnership between school, parent/carers and student is essential in supporting good behaviour. Parents/carers are asked to support the school's promotion of the Campus Code and Campus Culture and discuss matters reported to them at home with their son or daughter. Where necessary they will be asked to attend meetings to discuss behaviour and also to be proactive in contacting school if they have concerns of their own.

Further Consequences, Internal, Fixed Term and Permanent Exclusions

It is expected that the C and S systems will be sufficient for dealing with the majority of incidents of poor behaviour. Where this is deemed not to be the case the school reserves the right to issue more significant sanctions. These may include after school and Saturday detentions, internal exclusion (removal from lessons in school to work alone), suspension (a period of time spent away from the school campus), or Permanent Exclusion (removal

from the school roll). For all such sanctions parents will receive written notification of the sanction. In all such cases a full investigation will be carried out using DfE guidance.

Hinckley and Bosworth Education Partnership (HBEP)

In partnership with other local schools the Brookvale Groby Learning Campus is part of HBEP. This partnership aims to provide alternative solutions to Permanent Exclusion from school for children from within the catchment area. These alternatives may include a managed move to a partner school or a range of alternative academic provision.

Searching Students and Confiscation

Under powers laid down in the Education Act 2006 and following advice in Screening, Searching and Confiscation, DfE July 2022 staff may search a pupil if:

They have the pupil's consent, for any item.

Without consent if they have reason to suspect that a pupil may have in their possession, Knives or other weapons.

Alcohol

Drugs

Stolen items

Tobacco or cigarette papers

Fireworks

Pornography

Any article that the staff member reasonably suspects has been, or is likely to be, used to commit an offence, or

To cause personal injury to, or damage to the property of any person including the pupil.

In normal circumstances searches will be conducted in the presence of two staff, at least one of whom will be of the same gender as the pupil to be searched.

Use of Reasonable Force

The Brookvale Groby Learning Campus places great value on developing positive relationships between students and with staff. As such our Campus Behaviour Policy is built on the principles of equality, justice and a de-escalating approach to behaviour management. All staff receive regular refresher training in aspects of Behaviour Management. However:

“Members of staff have the power to use reasonable force to prevent pupils committing an offence, injuring themselves or others, or damaging property and to maintain good order and discipline at the school or among pupils.

Headteachers and authorised school staff may also use such force as is reasonable given the circumstances when conducting a search for knives or weapons, alcohol, illegal drugs, stolen items, tobacco, fireworks, pornographic images or articles that they reasonably suspect have been or are likely to be used to commit an offence or cause harm. Force

may not be used to search for other items banned under the school rules.” Behaviour in schools - Advice for Teachers and School Staff September 2022

This policy is linked to and should be read in conjunction with the following policies:

Anti-Bullying
Special Educational Needs
Safeguarding
E-safety
Equality

It will be monitored by the Board of Trustees and Senior Leadership Team using campus and national data and key performance indicators.
