'Parent Apps' available and in use here at BGLC:

Product	Description	Link and How System is Accessed	Accessed by Parent or Student
	Google Classroom - This is essentially an online learning environment, much like a virtual school. Lessons can be set within it, assignments completed and resources uploaded. We use this to support independent learning and compliment on site provision.	https://edu.google.com/intl/en_uk/products/classroom/	
 		Students provided with instructions and login details by their tutor. Parents emailed info and CONTACT: TJO/IT	Student

	<p>This suite of apps is provided by PiXL (Partners in Excellence) and are designed to identify gaps in learning and knowledge and then direct students to resources to support closing their gaps.</p> <p>Apps are available for: English Lit GCSE Maths GCSE History GCSE Geography GCSE</p> <p>Unlock - Improving Vocab - All year groups</p> <p>Times Table - All year groups</p>	<p>https://mathsapp.pixl.org.uk</p> <p>https://historyapp.pixl.org.uk</p> <p>https://geographyapp.pixl.org.uk/</p> <p>https://englishapp.pixl.org.uk</p> <p>https://play.google.com/store/apps/details?id=air.com.matt.hewwoodfine.timestables&hl=en_GB&gl=US</p>	
	<p>PiXL Endurance includes recipes, workout videos and lots of information to support students with their health and physical well-being.</p>	<p>https://students.pixl.org.uk</p> <p>PiXL School Number: 308404</p> <p>Password: Indep49</p>	<p>Student</p>
	<p>Much like PiXL Tassomai is a resource currently used by science to check understanding, identify gaps, given instant feedback and support improving student progress.</p> <p>It is highly interactive and students get a clear view of their strengths and areas for development</p>	<p>https://www.tassomai.com/how-tassomai-works</p> <ol style="list-style-type: none"> 1. go to tassomai.com/login and choose 'Register with a code' 2. Enter the code H7LYN7X0 (final character is a zero) 3. Enter your details (use your school email) and create a password. <p>CONTACT:RDI</p>	<p>Student</p>
	<p>SENECA is a complete online revision tool for all subjects typically taught at GCSE and has lessons, quizzes, videos and tests. Students can guide their own learning and work at their own pace. Many staff use this to check for understanding in their areas</p>	<p>https://senecalearning.com/en-GB/teachers</p> <p>Users create their own login, students use school email and can link to the classes teachers have created, parents are not linked to classes but can see what activity their child has had on the site.</p>	<p>Student</p> <p>Parent</p>

	<p>Students can access over 2,000 books on this site, as well as track their reading times and number of books read.</p> <p>MyOn caters for all reading abilities. There is a particularly good selection for students who are reluctant readers, but a range of Classics is included too.</p>	<p>https://www.myon.co.uk/index.html</p> <p>Students are given a username and password by their English Teacher</p> <p>CONTACT:KLE/RLE</p>	<p>Student</p>
	<p>A “one stop shop” for parents, which includes a phone app. Give access to payment links and to update your child's contact details.</p>	<p>https://brookvalegroby.uk.arbor.sc/?/home-ui/index</p> <p>Parents are sent an invitation to enrol and download the app</p> <p>CONTACT: DLE</p>	<p>Parent</p>
	<p>We currently make use of school cloud for all of our online bookable events such as Progress Evenings. This software allows for completely virtual events and has proved highly popular with parents</p>	<p>https://www.schoolcloud.co.uk/</p> <p>https://brookvalehighschool.schoolcloud.co.uk/</p> <p>Parents use their details and that of their child to login. (The data has to match exactly that stored in SIMS)</p> <p>CONTACT: DLE</p>	<p>Parent</p>
	<p>Morrisby is a fantastic careers guidance tool, that matches suitable careers to interests, skills and strengths. It clearly identifies pathways to access careers and suggests other linked careers too. It is brilliant</p>	<p>https://www.morrisby.com/</p> <p>Students use this code: MC695Q99 and their email to sign in - they are given details in their lifeskills lessons</p> <p>CONTACT: HDY</p>	<p>Students</p>
 <p>SMARTPARENTS</p>	<p>Gives Parents/carers access to</p> <ul style="list-style-type: none"> Homework and classroom resources Attendance School calendar achievements Student behaviour Student timetable <p>Student</p>	<p>https://parents.realsmart.co.uk/smartparent/login</p> <p>Parents are issued with instructions and a pin by Reception</p> <p>CONTACT: DLE</p>	<p>Parent</p>

Maths

Product	Description	Link and How System is Accessed	Accessed by Parent or Student
	<p>Site containing tutorials for topics throughout KS3, 4 and 5 as well as online worksheets, grade booster activities and maths games.</p>	<p>https://login.mymaths.co.uk/login</p> <p>Login: brookvale Password: octagon</p> <p>Students will also have individual logins which can be used to enter the 'my portal' area, where they can access any worksheets that have been allocated to them by teachers. All other content can be accessed using the login information above.</p>	Student
	<p>Excellent website with worksheets that include solutions, video tutorials and exam style questions on all areas of maths.</p> <p>The 5-a-day questions are excellent for students to practice key skills and we encourage their use by students.</p>	<p>https://corbettmaths.com/</p> <p>Free website, no login required.</p>	Student
	<p>Revision website aimed at KS4. The site has a comprehensive list of topics that students need to be confident with to achieve a Grade 5 at GCSE. It provides exam questions on each of these topics, as well as additional topics for those working below or above. Video and written solutions</p>	<p>https://justmaths.co.uk/</p> <p>Login: GrobyStudent Password: Groby</p> <p>(both login and password are case sensitive)</p>	Student

	are also provided.		
	Website which is used by teachers to allocate online worksheets/ video tutorials and exam practice. There are also areas where students can practise key skills and earn points and trophies.	https://www.drfrostmaths.com/ Students will need their login in order to access any work set. This can be obtained by their maths teacher.	Student
	Aimed at KS4, the site provides students with free exam papers that they can attempt online. Questions are marked as students work so that they can see their working grade. Some papers are topic based, others are more like actual exams and contain a mixture of questions.	https://www.onmaths.com/ Free site. No login required.	Student
	Aimed at KS5, this site contains electronic copies of all textbooks used to teach A level Maths and Further Maths. Students are expected to use the textbooks to complete practice questions and check their answers. Full sets of worked solutions are also available and students can use these to develop their independence by understanding where they are going wrong.	https://www.pearsonactivelearn.com/app/library KS5 students can obtain their login from their maths teacher.

ADT

Product	Description	Link and How System is Accessed	Accessed by Parent or Student
 <p>Google Drive File Stream</p>	<p>Drive File Stream</p> <p>With Drive for desktop, you stream your Drive files directly from the cloud to your Mac or PC, freeing up disk space and network bandwidth. Because Drive files are stored in the cloud, any changes you or your collaborators make are automatically updated everywhere. You'll always have the latest version.</p> <p>You can also make Drive files available for offline access. These cached files sync back to the cloud when you're online, so the latest version is available on all your devices.</p>	<p>We encourage students to download this onto PCs/Laptops at home so that when they are working they can save work and it automatically uploads so that they can access in school. This is ideal for coursework subjects such as ours in ADT where they can be working on a piece for a long period of time.</p>	<p>Students</p>
	<p>Pinterest is a visual discovery engine for finding ideas and inspiration. When you discover pins that you like you can save them onto boards that you can create. Brilliant for research and inspiration as well as techniques.</p>	<p>www.pinterest.co.uk</p> <p>This is recommended for A Level students but not compulsory. They can sign up to this with their own personal details and create their own pin boards of inspiration.</p>	<p>Student</p>

	<p>Procreate is a digital drawing platform available for Apple products. There are various free brushes you can download from the web to give you a variety of techniques.</p>	<p>This can be used to create both still and moving images including short animations or GIFs.</p>	<p>Student</p>
	<p>Mindnode is a great tool to help you create mind maps for your projects digitally. It is very easy to use and gives you a variety of choices when creating in depth ideas and plans.</p>	<p>You can download the app and create a free account. It stores a copy of all of your Mindmaps on the app or you can download them and input them onto a presentation.</p>	<p>Student</p>
	<p>Vectornator allows you to create sleek vectors within the app. It comes with a variety of tools and settings that you can play with to create your vector images.</p>	<p>Download the app and get started. I believe you have to pay to upgrade the features however there is plenty on there for free to play with. This would work for any ADT subject depending on what you are creating.</p>	<p>Student</p>

	Paper created by Wetransfer allows you to create sketchbooks using drawing, collage and type. You can keep individual journals or one large journal.	You get limited access to certain tools or alternatively it cost you £9 for the year to have unlimited features and journals.	Student
	Lightroom- for mobile/pc/mac allows you to edit photographs at home or on the go.	Free using the school subscription to Adobe. You can download it onto your device. Is beneficial to any students who need to digitally edit or correct photographs.	Student
	Artweaver Free enables you to create beautifully realistic digital drawings by taking input – from your mouse, a stylus or, if you have a touchscreen PC, from whatever you feel like tapping the screen with – and applying ultra-realistic brush effects.	Great for any sort of product design or developing a 3 dimensional idea. “Artweaver Free is designed for artists of all ages, but we’ve found it particularly useful for children. Kids love experimenting with all the different brushes, and we love not having to clean up any mess afterwards.”	Students
	This website is where many artists/illustrators display their work/portfolio.	https://www.illustrationx.com/us It is great for students to see many contextual sources in one place and is used to inspire their own work.	Students
	A website designed to share inspiration from a variety of artists.	https://artistsourced.com/ A useful tool to see what other artists are creating from graphic design to traditional artists. There is a very diverse range of styles shared on this site.	Students
	Art source is mainly built of contemporary artists	https://www.artsource.online/artists/ An interesting site	Students

	based in Israel.	sharing contemporary art both in 2D & 3D form.	
	Artist sourcing platform.	https://www.artsy.net/ This site is great for any art, design or photography student. It has a wide range of artists varying across all mediums of art.	Students
	There are so many terrific photos on this site it's hard to believe they're free. Click the little magnifying glass icon on the left-hand side for some categories and the ability to search by keyword.	https://unsplash.com/ Free high resolution photographs that you can use to edit or collage,	Students
	Dafont has a variety of handy fonts that you can use within your work. There is a wide range of fonts to choose from.	Dafont.com Some fonts are paid for however it tells you before you click download which ones are free for personal use or not.	Students
	This site has useful blogs, interviews and inspirations shared by a variety of artists from different genres, styles and influences.	https://www.thisiscolossal.com/ Free	Students

	<p>Photographers from all over the world upload their images here. There is a variety of categories to choose from that may inspire you to see the world differently</p>	<p>https://1x.com/ Free</p>	<p>Students.</p>
	<p>Google Arts and Culture - an interactive way to explore museums, art galleries and websites from all across the world with daily challenges and games, Art search facilities and interesting news articles.</p>	<p>Download for free via your App Store or access via your web browser https://artsandculture.google.com/</p>	<p>Both</p>
	<p>The Tate gallery has a whole range of resources to support with art research and analysis. Explore the galleries online or search for artworks via theme.</p> <p>Tate kids has activities, quizzes, games and art inspiration aimed at Primary and younger Key Stage 3 students.</p>	<p>https://www.tate.org.uk/ https://www.tate.org.uk/kids</p>	<p>Students</p>

	<p>V&A takes you through nearly 5000 years of human creativity within its online collections. Fashion and costume, furniture design, architecture and Photography all have huge sections with images from history right up the present day.</p>	<p>https://www.vam.ac.uk/collections?type=featured</p>	<p>Students</p>
	<p>Tinkercad is a free, easy-to-use, online 3D CAD design tool. It allows you to quickly turn your idea into a CAD model with the capability to 3D print or laser cut. It is ideal for beginners and KS3 students to access digital modelling techniques in a fun, easy-to-access way.</p>	<p>www.tinkercad.com</p> <p>KS3 students are given a username and password by their Design Teacher</p> <p>CONTACT: MSM</p>	<p>Students</p>
	<p>OnShape is a free, industry standard, online 3D CAD design tool which can be accessed on computers, tablets and smartphones.. It allows you to transform your ideas from paper and prototypes into CAD models with the capability to test, 3D print and laser cut. It is ideal for more advanced users of CAD software and KS4 students to develop sophisticated models and digital representations of their concepts.</p>	<p>www.onshape.com</p> <p>KS4 students are given a username and password by their Design Teacher</p> <p>CONTACT: MSM</p>	<p>Students</p>
	<p>SketchUp is a free CAD package which is accessed via Google Apps. It is a simple to use CAD package which allows users to create accurate digital models of their design work. It can be used for a variety of different applications such as product, interior and architectural design.</p>	<p>Students can access this through Google Apps when logged into their school account.</p>	<p>Students</p>
	<p>This app gives you access to the BBC Good Food recipe database.</p>	<p>https://www.bbcgoodfood.com</p> <p>Students can download this as an app but it can also be accessed via the website.</p>	<p>Students</p>

	<p>The FREE Smart Recipe app from Change4Life is an easy way of helping you and your family eat tasty, healthier meals.</p>	<p>https://www.nhs.uk/change4life It is available on both android and ios but also through the NHS website.</p>	<p>Students</p>
	<p>This is an American site but has a variety of information on it from recipes finders, skills development and videos. It also adds skill challenges.</p>	<p>https://www.epicurious.com/ Students can download this an app but it can also be accessed via the website.</p>	<p>Students</p>

PE

Product	Description	Link and How System is Accessed	Accessed by Parent or Student
	<p>The Everlearner is an online platform that we use for GCSE PE, A-Level PE and the examined unit in Cambridge National Sports Studies.</p> <p>It contains a series of videos teaching the entire examined content of the different PE courses we offer. All PE videos are</p>	<p>www.theeverlearner.com</p> <p>Students have their own log in details that they use to access the website.</p> <p>If students have problems logging on they should contain Mr Lord at mlord@brookvalegroby.com</p>	<p>Student</p>

	<p>delivered by The Everlearner's resident qualified PE teacher. The platform also contains multiple choice tests accompanying the videos to check student understanding.</p> <p>The exam simulator has recently been added and contains exam style questions that teachers can set for their classes to complete.</p> <p>Students can either use the website autonomously, or their teacher can set them assignments to complete.</p>		
MFL			
	<p>Quizlet is an app which is free to all students and is uploaded with all the vocabulary for all our Knowledge Organiser assessments as well as full of lists connected to the GCSE syllabus. It allows students to practice all the vocabulary they need for all our courses.</p>	<p>Teachers will post links to individual vocabulary lists on the GC each week for homework. Students can also use it independently:</p> <p>KS3 French https://quizlet.com/join/pYh9R8Ptm KS3 German https://quizlet.com/join/y2wbasaSZ KS3 Spanish https://quizlet.com/join/kptZhWmX2</p> <p>Login for Quizlet: Username: BrookvaleGrobyMFL Password: KnowledgeOrganiser</p> <p>KS4 French: https://quizlet.com/en-gb/content/aqa-gcse-french-resources KS4 German: https://quizlet.com/en-gb/content/aqa-gcse-german-resources KS4 Spanish: https://quizlet.com/en-gb/content/aqa-gcse-spanish-resources</p> <p>Sign up is free.</p>	Student

	<p>This is very similar to Quizlet and can be used to practice vocabulary. Teachers will assign it as a homework or host it live in lessons.</p>	<p>https://www.blooket.com/ Students do not need a login, they simply play as guests each time.</p>	<p>Students</p>
	<p>This is an independent online languages website for independent learning away from the classroom.</p>	<p>https://www.duolingo.com/ Students can create a free login to use.</p>	<p>Students</p>
	<p>The Language Gym is a paid for practice tool for our KS4/KS5 students. Each teacher will send a link to their classes and set assignments through it. It can be used independently as well as a revision tool. We cannot recommend this site enough for our exam classes. Please ask your teacher if you have forgotten your login. YOU MUST BE ON THE EUROPEAN SERVER FOR THIS TO WORK.</p>	<p>https://uk.language-gym.com/</p>	<p>Students</p>
	<p>This website is a great tool for independent revision and practice at all key stages.</p>	<p>https://www.languagesonline.org.uk/Hotpotatoes/index.html</p>	<p>Students</p>

	<p>Key Stage 5 only.</p> <p>This paid for interactive site follows the course book for the AQA course and has an abundance of exam practice. Students are assigned work by their teachers or can use it independently.</p>	<p>https://www.kerboodle.com/users/login</p> <p>Students are assigned logins by their MFL teachers.</p>	<p>Students</p>
	<p>Seneca is a revision tool which can be used at all Key Stages (language dependent).</p> <p>It is free to use and teachers will assign work to classes through it. It can also be used independently.</p>	<p>https://senecalearning.com/en-GB/</p> <p>Teachers will send links to classes.</p>	<p>Students</p>
