Remember: the only way to get better at Maths is to DO MATHS. Reading about it and not practising will not help you improve.

Please can parents/guardians help ensure that all students have the correct equipment they need for Maths lessons: Pencil, Pen, Ruler and a Calculator are the minimum requirements. Any issues with purchasing any equipment, please let me know at dkilduff@brookvalegroby.com and we will look at what we can do to help solve the problem.
