MARTINSHAW PRIMARY STAFF TRAINING SESSION

On Tuesday 28th November, Primary links were made when staff from Martinshaw Primary School visited BGLC for a training session on "the use of tools and materials". An educational evening spent learning about wood joints, health and safety, risk assessments and how Design and Technology can be incorporated at Primary level. The staff at Martinshaw had some great ideas and their students are lucky to have staff willing to push themselves out of their comfort zone, in order to give them such a broad curriculum. Thank you for a lovely evening.
