Dear Parent/Guardian

Re: Languages revision materials

Revision in languages is different to other subjects. There are four skills to work on and this can be overwhelming for some students. We have created a document to help students to narrow down what to do, so that they can be best prepared for each skill area. Please click this [link](#) to have a look.

The exam board that we use at school (AQA) publish their own revision materials by Pearson **AQA Revision Guide**; and accompanying **Revision Workbook**. These books are matched really closely to what is expected of the students in the real exams and also show the students what grade each activity would be aimed at. They come with a whole raft of free to download listening activities and mock exam papers. There are mark schemes in the back of the books too, so that the students can track their own progress.

These resources are widely available on www.amazon.co.uk as well as in shops. They are also available for sale in the **School Shop** on Arbor. **PLEASE MAKE SURE THAT YOU LOOK FOR THE 9-1 SYMBOL ON THE FRONT** – as the old specification is also still available! (see pictures above) If you would like any other information about this or any tips on how to help your child with their preparation for exams, please don't hesitate to contact me.

Yours faithfully

Amelia Ainsworth

Subject Leader for German
