Dear Parents/Carers

Key Stage 3 Science Study Guide

During the course of Key Stage 3 Science, your son/daughter will be completing a number of tests and assessments after learning various topics. To help support their learning and bridge any learning gaps, we would like all students to have a revision guide, in addition to their knowledge organisers.

We highly recommend the CGP KS3 Science Complete Study & Practice (with Online Edition). The Complete Study & Practice guide is fully up-to-date and contains clear, friendly notes, diagrams and examples on easy-to-read pages. There are also plenty of summary and test-style questions, plus mixed topic tests and a practice exam, all with answers at the back of the book.

This is an excellent opportunity for students to practise self-testing, to reinforce their understanding and supplement your child's use of their knowledge organisers. The book comes with a free Online Edition. This means it can be accessed on any PC, Mac or device.

We can offer this book at a reduced price of £6.50 (RRP £11.99) and it will cover the whole of Key Stage 3 Science. This book is essential in helping students to sufficiently prepare for their assessments and to supplement the revision skills they learn in and out of lessons, necessary for when they reach GCSE level. We aim for students to have this learning aid as it will be actively referred to in and out of lessons.

To order your copy, please head to our **Arbor School Shop** where the item can be purchased online until midnight on **Sunday 29th September 2024. The item is labelled "SCI – Yr7 Science Study Guide"**

Delivery will be received shortly after the Arbor deadline and books will be delivered to students in their Science lessons. If your child is eligible for free school meals, you will not need to order as one will be placed for your child by the school.

Any questions please do not hesitate to contact me on dgajjar@brookvalegroby.com

Yours sincerely

D Gajjar
