

7 February 2025

Dear Parents/Carers and Students

Environmental Week Celebration – 10th-14th March 2025

We are excited to announce that we will be celebrating **Environmental Week** from **Monday 10th March to Friday 14th March 2025**. This special week is dedicated to raising awareness about sustainability and encouraging our school community to take action for a greener future.

Throughout the week, students will have the opportunity to take part in a range of engaging activities, including:

- ✓ **Wear something green** - Wednesday 12th March. Students should wear their normal school uniform but can replace one item with something green (e.g. a green tie / shirt / shoes etc). Students can make a donation of £1, in cash to their tutor, and donations will be made to environmental charities.
- ✓ **Environmental Bingo** – A fun and interactive way to learn about sustainability, you may want to take part in this with your child (see [attached](#)).
- ✓ **Photography Competition** – The theme will be: "**The Beauty and Fragility of Nature**". Students should submit photos of natural landscapes, wildlife, or environmental issues (such as pollution or deforestation). The goal is to capture moments that evoke emotion and promote environmental awareness. More details on how to enter the competition will follow shortly.
- ✓ **Reuse & Recycle Initiative** – We encourage students to bring in used **batteries and clothes** for recycling. With half term coming up it might be the perfect opportunity to have a clear out! We are also hoping to have a swap shop, where students can bring in (clean) items of clothing to swap with another student.
- ✓ **Carbon Footprint Calculator** – Students will discover how daily choices impact the environment through a tutor time activity.
- ✓ **Do Now Activities** – Quick, thought-provoking environmental tasks in every lesson.
- ✓ **Volunteering Opportunities** – Students can **litter pick** around the school and **plant flowers** in our Wellbeing Garden.

We encourage all students to participate and get involved in making a difference. If your child would like to volunteer for the litter picking or flower planting activities, they should keep an eye on the student bulletin where more information will be released shortly.

Thank you for your support in making this an inspiring and meaningful week for our students. Together, we can take small steps toward a more sustainable future.

If you have any questions, please do not hesitate to contact us.

Best regards,

Carol Hubbard
Deputy Headteacher (Curriculum)
