Having your voice heard

We would like your thoughts on how you can be better heard in the school and in the local community.

1	Aylesbury Youth Voice We have a visitor from Bucks CC who will talk about getting involved in the local community Youth Voice programme and how you can make your voice heard beyond school.
2	We currently have a Student Voice email address (studentvoice@ahs.bucks.sch.uk). Can you suggest any better ways for you to be able to get messages to us?
3	What would be the best method for getting your suggestions for topics to discuss at Student Voice?
4	What ideas do you have for Student voice meetings for next year? This question could be answered at a later date (eg September) by emailing studentvoice@ahs.bucks.sch.uk .
