**Time:** 8.50am

#### **KS3**

**Date:** Wednesday 25 September  
**Location:** S3  
**Time:** 8.50am

#### **Use of 1:1 devices at lunchtimes**

Currently Y8-11 students are able to use their devices freely at lunchtime. However, this can stifle conversations and socialisation within peer groups. Y7 students are not allowed to use devices at lunch time. Please collect views from your form group on:

- Should devices be used at lunchtime?
- If they are used, what should they be used for?
- Should there be some device-free lunchtimes?
- Should there be time restrictions on when devices are used?
