Main topic: non-teaching staff and the school community

NOTE: non-teaching staff refers to tech, office staff, finance, reprographics, senior leadership, SENDCo/wellbeing/health, admin, events, data, communications, pastoral care, safeguarding, facilities, cover

1. How well do you feel you know who's who amongst the AHS non-teaching staff, inc. their responsibilities and roles, how they can support you...?
2. How could the school help you better understand the roles and get to know the AHS non-teaching staff? Do you feel this would strengthen our sense of a school community? (And why!)
3. Is there anything that you wouldn't know where to go to for support, regarding non-teaching staff? (eg sorting out fees for trips, printing posters, discussing a higher-level concern, getting an authorised absence, booking rooms)
