### **RAMBERT - key area of study (1966 - 2002)**

*Explore the Rambert archives and start to become familiar with the company. Look at the history of the company, starting with its founder Dame Marie Rambert. Who were some of the key practitioners that had a significant impact on the company?*

#### **Research idea:**

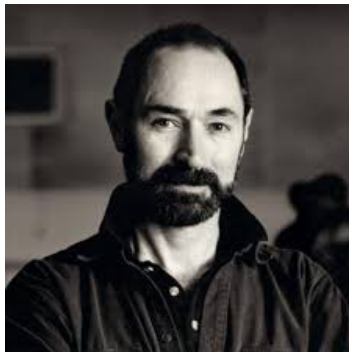

- Create a timeline of key moments in Rambert's history.
- Create a one page profile on Marie Rambert - Who was she? What were her aims for the company?

**Research idea: Do a one page profile on Christopher Bruce.**

### **AMERICAN JAZZ 1940 - 1975**

Listen to this podcast about the origins of Jazz dance - maybe make some notes?

#### **Key practitioners; Gene Kelly, Jerome Robbins & Bob Fosse**

*Do a little bit of research on each practitioner. See if there are any interesting podcasts, books, documentaries or tv shows about them!*

I have been meaning to get around to watching Fosse/Verdon - my AS students watched it and said it was really good! I've attached the link below. I have linked a good podcast on BBC Radio 3 Sound of Dance for Jerome Robbins. I have also linked a podcast with Kelly's widow Patricia Ward Kelly all about Singin' In The Rain.

- Gene Kelly <https://www.bbc.co.uk/sounds/play/m0009bnd>
- Jerome Robbins <https://www.bbc.co.uk/programmes/m0001m36>
- Bob Fosse - watch the TV series Fosse/Verdon

**Watching list:**

*This is a little tricky because I don't have electronic copies but you could potentially have access to some of these at home on streaming services.*

- Singin' In The Rain
- West Side Story
- Fancy Free
- On The Town
- Fiddler On The Roof
- Chicago
- Cabaret
- Sweet Charity
- The Pajama Game
