

Inclusivity and diversity are at the heart of our school values, so we have teamed up with our local online bookshop, The Book Detectives, to compile this list of our favourite books to enrich our children's reading experience. Why not take your reading list along to one of our great local libraries and search for the books? Or if you would like to make a purchase and have it delivered to school, then please scan the QR code below, or use the link to The Book Detectives' website.
