

Boroughbridge High School

Year 10 and 11 Revision Information Booklet and Progress Exam Timetable

Dear Parent/Guardian

Following feedback from parents and carers at the Expectation Evening we have put together the attached **Revision Information Booklet and Progress Exam Timetable**. This will aid students with their revision for the upcoming progress exams and the examinations in summer 2024 and also give you the information you need to support your child.

The revision information booklet contains information regarding the topics that will be on the November Progress Exams so you can see what your child needs to revise so you can help guide them if they are unsure. We have also included useful sites and resources to help direct students focus if they are unsure of where to start. Teaching staff will also be supporting students with revision within lessons.

We have also included information about the actual exams and where past papers can be found. Past papers will be very useful for revision for the actual exams, students should be aware that if they are using them for revision for the Progress exams that they will contain questions on topics they have not yet been taught.

At the back of the booklet there are six information pages from learning scientist with information on how to revise.

All year 11 students have also received a green CGP How to Revise for GCSE book this week with further revision information, tips and techniques.

Yours faithfully

S. Bloomfield
