

Boroughbridge High School

26th January 2024

Dear Parent/Carer,

FAO Parents/Carers of students in all year groups regarding the Behaviour Hubs student survey

As I outlined in the Headteacher Update in December, we are delighted to be taking part in the Behaviour Hubs programme, a Department for Education-funded programme to improve behaviour in schools which will support us on our improvement journey. We have been paired with an exemplary lead school who will guide us through a year of support in which we will develop our behaviour culture to make sure that all can learn and be safe, happy and successful.

As part of this programme of support, we will be gathering the views of students and staff, to understand how they perceive behaviour in school. This will help us to identify areas for improvement. This student survey will take place in school time next week and should last no more than ten minutes.

Students will answer questions on behaviour in school, the school behavior policy and rules, their experience of school, their wellbeing and happiness and the relationships between students and teachers in school. Your child will not be required to provide their name or any other personal identifiable information. The survey will be completely anonymous.

A report that summarises the findings (i.e. percentage for each question and response option) for the whole school and year group may be shared with staff, governors, EDT (Education Development Trust), the DfE and staff from our lead school for the purpose of assessing our current position, action planning and measuring progress. Extracts may be shared with parents and carers as part of our Headteacher Updates on progress.

If you have any further queries or questions, please do not hesitate to contact us at schooladmin@boroughbridgehigh.com with 'Behaviour Survey' in the subject.

Yours sincerely,

K Stephenson

Miss K. Stephenson
Headteacher
