Scope

- 1.1 This policy applies to all employees of King James's School & Boroughbridge High School, unless specifically stated otherwise in the summary chart. The policy should be read in conjunction with the associated Leave Guidance.

1 Statement of Commitment

- 2.1 King James's School & Boroughbridge High School is committed to supporting the work-life balance of its staff and provides a range of leave entitlements, which help accommodate individual needs and commitments outside work. These entitlements are in line with statutory entitlements, and entitlements arising from national and local NYC collective agreements.
- 2.2 Leave entitlement will accrue from the start date of the employment and will be calculated pro-rata to ensure compliance with the Working Time Regulations.
- 2.3 Whilst the entitlements set out in the charts are a guide, many types of leave are subject to manager approval. In considering such requests, the provision of education to the children attending the school is paramount and therefore it must be understood that requests for leave, where there is discretion of the timing of such leave, cannot be guaranteed.

2 Key Responsibilities

- 3.1 The following is an outline of key responsibilities expected when following this policy & procedure:

Line Managers (including Headteachers and other school managers):

- Should be supportive of individuals' needs and commitments outside of work, whilst balancing leave requests against the needs of the school.
- Encourage staff to plan to take their full allocation of annual leave within the year, ordinarily within school closure periods.
- Regularly review and monitor the utilisation of annual leave throughout the year (where applicable for example all-year-round staff) to ensure the requirement to carry over leave into the next year is avoided or, where this is not practicable, kept to a minimum.
- Commit to forward planning of leave to ensure appropriate levels of cover for the effective running of the school and the education of pupils.
- Ensure that leave application processes are followed and the outcome of these are recorded.
- Ensure that leave requests are considered in line with statutory provisions and

nationally and locally agreed collective agreements which form part of the terms and conditions of employment.

Employees:

- Should consider the needs of the school in which they work when requesting leave.
- Should submit leave requests in accordance with the relevant process and timescales and only take leave when they have received the relevant approval.
- Leave should be requested and approved as far in advance as possible.
- Should request leave in line with relevant legal minimum periods of notice if applicable (please also see Leave Guidance)
- Obtain management approval for annual leave (where employee receives a bookable leave entitlement for example all-year-round staff).

NOTE: Any employee who absents him/herself without prior authorisation or fails to follow required procedures will be in breach of their contract of employment and may be subject to disciplinary action and a deduction from pay.

3 Statutory Requirements of Leave

- 4.1 For certain types of leave, there is a statutory entitlement to take leave, as outlined in the statutory leave summary chart. Statutory leave and timescales must be adhered to.

4 Contractual Entitlements to Leave

- 5.1 Employees of North Yorkshire Council have a contractual entitlement to some categories of leave, as outlined in the contractual leave summary chart and the supporting guidance document.
