## A note from the Student President

It is a huge honour to receive the role of Student President but it is also a huge responsibility. I went for the role because I was determined to bring about change to the school by working closely with members of the Senior Leadership Team, teaching staff and other students.

As Student President you have the potential to achieve many different goals. You can ensure that Redmoor Academy is an environment that truly strives for excellence, opportunity and success for all.

It won't always be easy, you will come against obstacles that are challenging and can, at times, be quite draining. But if you really believe in what you can achieve and you are willing to work for solutions, it can be an exceptionally rewarding position. I urge anyone who really does want to see a difference to apply; it's an experience I will never forget.

Good luck with your applications and remember, if you're successful, you'll be representing over 900 students. Whatever you decide to do with the role, do it for them.

*Current Student President*

I applied for the role of Student President as I thought it would be an exciting opportunity to get involved with to make a difference and help make the school a better place for both students and teachers alike.

It has been an opportunity to help and support younger students and listen to the views of my peers and try my best to make their views a reality. It has been a privilege to help out with whole school events and be involved with organising events such as bake sales, non school uniform days and fundraisers to raise money for school improvements that the students of Redmoor wanted. It has also been a privilege to work alongside Miss Burton and SLT during my time as Student Vice President!
