

A high temperature

This means you feel hot to touch on your chest or back (you do not need to measure your temperature)

A new, continuous cough

This means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours

A loss or change to your sense of smell or taste

This means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

SCENARIO 1

Pupil or staff member develops symptoms of Covid-19 **while at home**

- Do not return to school for at least 10 days from the onset of symptoms
- Follow guidance for [households with possible infection](#)
- Get [tested](#) and inform school immediately upon receipt of result

If the test is **negative**, pupil or staff member can return to school as long as they are no longer displaying the symptoms

SCENARIO 2

Pupil or staff member develops symptoms of Covid-19 **while at school**

- Send home (follow flowchart and avoid public transport)
- Do not return to school for at least 10 days from the onset of symptoms
- Follow guidance for [households with possible infection](#)
- Get [tested](#) and inform school immediately upon receipt of result

If the test is **inconclusive** pupil or staff member must keep self isolating and have another test within 5 days of symptoms starting

If the test is **positive**, school will follow the guidance of the local Health Protection Team to identify further actions required.

SCENARIO 3

Household member of pupil or staff develops symptoms of Covid-19

- All household members stay at home and do not attend school
- Symptomatic household member should be [tested](#)

If the test is **negative** and no one else in the household has developed symptoms, the pupil/staff member can return to school.

If the test is **inconclusive** or **positive**, the pupil/staff member must continue to isolate for 14 days.

If the pupil or staff member develops **symptoms** in the isolation period, follow **SCENARIO 1**.

SCENARIO 4

Pupil or staff member is a close contact of someone who has tested positive for Covid-19 (but does not live in the same household) **and** has been told to isolate by NHS Test and Trace (*not* '111')

- Stay at home and do not come to school for 14 days
- Follow the guidance for [contacts of people with possible or confirmed coronavirus](#)

SCENARIO 5

Pupil or staff member lives with someone who is isolating due to an outbreak at their school/workplace

- Continue to attend school unless someone in the household develops symptoms (or instructed to isolate by GP/Public Health authorities)
- If symptoms develop in a household member, follow **SCENARIO 3**, or if a pupil/staff member develops symptoms, follow **SCENARIO 1**
