

Careers & Destinations

Data Sharing and Privacy Notice

To support students and provide advice and guidance about potential career opportunities, and to make sure that their next phase of education or training is as successful as possible, it is that the right information is shared.

As part of our work with other organisations to provide careers and youth service support, information will be shared with those providers.

When students are preparing to leave us, and upon confirmation of acceptance of a place or enrolment at the student's chosen placement, personal data will be made available to that organisation. The purpose of processing the data is to ensure that on transfer to the next setting, all relevant student information is provided. This is to support students during the transition process and to settle into the next setting.

We will not give information about you to anyone outside of Redmoor Academy without your consent unless the law allows or requires us to do so.

Information we have to pass on by law

Legally we are obliged to pass the Intended Destination, September Guarantee and Annual Activity processes to the Local Authority and Careers services. This may be direct to the Local Authority or via a Local Authority approved Post-16 Transition Portal. Further processing of the data will be undertaken by agreed third parties.

The Local Authority has legal obligations under the Education and Skills Act 2008 and the Apprenticeship, Skills, Children and Learning Act 2009 to assist, encourage and enable young people to participate in education or training. Statutory Guidance in force from 1 September 2022 requires school to provide careers guidance from Year 7 onwards (and young adults with learning difficulties or disabilities up to the age of 25). The Local Authority may pass on the information we share with them to the Department of Education.

The relevant legislation is: -

- Section 42A, 42B, 45 and 45A of the Education Act 1997
- Section 72 of the Education and Skills Act 2008
- Schedule 4 (15) of the School Information (England) Regulations 2008
- The Education (Careers Guidance in Schools) Act 2022 in force 1 September 2022.

We share the following information about you:

- What you are intending to do after Year 11 in terms of education, training or employment (your Intended Destination).
- Which post-16 provider made you an offer of a place on a course at the end of Year 11 and whether you took up the offer and started a course in Year 12 (referred to as the September Guarantee).
- What your destination is after you leave Year 11 if we are aware of this (as part of the Annual Activity Survey).

Information we share in order to support your education and training

Some of the information we collect from you during Year 10 and 11 is also shared by the Local Authority with providers who have been commissioned to deliver support services and/or post-16 providers and could offer you opportunities to support your transition into post-16 education and training.

These providers include:

LEBC - Leicestershire Education Business Company

What information do we share about you with other providers and settings?

To support your careers support provision and/or transition to post-16 education we, or the Local Authority, may also need to share further information this may include:

- Personal information (such as name, unique pupil number and address)
- Characteristics (such as ethnicity, language, nationality, country of birth and free school meal eligibility)
- Contact details, including parental contact details
- Attendance information (such as, but not limited to, attendance percentages, number of absences and absence reasons)
- Assessment information (such as, but not limited to, exam results and teacher assessment judgements)
- Relevant medical information
- Special Education Needs information
- Behavioural information (such as but not limited to, exclusions, attitudes to learning)
- Safeguarding information (such as, but not limited to, involvement of other agencies)
- Post-16 destination and enrolment information

You have a choice about what information is shared. You can tell us if you do not want the above information about you to be shared with other organisations. Please contact careers@redmooracademy.org in writing to let us know that you do not want this information to be shared.

We are required by law to pass on certain information of students aged 16+ to providers of (youth) support services in your area. This is the local authority support service for young people aged 13-19 in England Section 507B of the Education Act 1996. For example, where disclosure of learning support needs has been declared, we are required to provide the names and address of you and your parents/carer, along with any further information relevant to the support services' role.

However, if you are over 16, you or your parents/carer can ask that no information beyond names, addresses and your date of birth can be passed to the support services. **Please contact careers@redmooracademy.org in writing to let us know that you do not want this information to be shared with the support services.**

Please note that safeguarding and child protection legislation takes precedence over this request. In addition, if you have learning needs and wish to opt-out of this arrangement/support.

How we keep your information safe

Both the school and Local Authority keep information about you on computer systems and sometimes on paper. There are strict controls on who can see your information. Other organisations are required to comply with the Data Protection Act 2018.

Need to know more about how we process your information?

There are more details on the website under "How Redmoor uses data – GDPR".

For more information about young people's services, please go to the National Careers Service page at <https://nationalcareersservice.direct.gov.uk/aboutus/Pages/default.aspx>

What happens next?

The College or University will have its own Data Protection Policy and Privacy Notices – you will need to contact them with any queries. The data we have supplied to them will only be retained on our systems to manage the transition and also in line with our data retention responsibilities, and these are set out in our retention schedule.
