**YOUR REC
JOURNEY
STARTS NOW...**

Dear Parents/Carers,

I am delighted to present details of our Redmoor Enrichment Course (REC) for the academic year 2025-2026. As part of their educational provision at Redmoor Academy, all students in KS3 are required to complete three Enrichment Courses, one in each academic year. We passionately believe in providing students with exciting and enriching opportunities beyond the classroom that develop them as individuals, alongside their academic progress. The impact of the pandemic was twofold in that it prevented these events from taking place but at the same time, also emphasised just how important they are to our students.

This year there are 23 courses available, giving our students a wide variety from which to make their choice. Some of the courses are fully-residential, while others are part-residential and part school-based and some are wholly school-based courses that consist of a series of “school day” opportunities. Each is designed to extend students’ knowledge, skills and understanding in addition to enhancing the personal development of every individual who takes part. The aim is for students to have an opportunity to gain independence, confidence and resilience, with a chance to meet new people, discover who they actually are and who they can become.

Whilst we require a financial contribution to ensure REC week is a successful and enriching experience, we work hard to offer a range of experiences at different costs and, in challenging financial times for schools, continue to fund the organisation and running of this provision. We believe in the benefits it offers our students and I therefore ask that you spend some time with your child to read about the options available and discuss the most appropriate course.

Payment Information

I would like to remind you that as the activities take place predominantly within school hours, there is no legal obligation for full-contribution payments. It would however, be impossible for the school to fully finance those activities that incur a cost. Therefore, we ask that you support us with those courses, otherwise that element of the programme may not be able to proceed. Please refer to the payment schedules at the back of the booklet for details of each trip and ensure you are able to meet the cost of each of the 3 trip options you choose.

Where appropriate and beneficial, the academy contracts external providers to deliver some programmes of study and therefore, all deposits are non-refundable and instalment deadlines must be met. In certain circumstances, Redmoor Academy may be able to help students financially. In the first instance, please raise an enquiry with your child's Year Manager, who will then discuss with Mr Nicolle.

Redmoor Academy does reserve the right to remove a student from a trip initially allocated if payment cannot be made or if the child's behaviour in school leads us to decide that they would not be safe or could not be trusted. An alternative will always be offered.

Should you wish to discuss any other aspect of the programme of study offered as part of our Enrichment Course, you can contact Miss Cassidy, Mrs Green or Miss Callier via email on:

rec@redmooracademy.org

Please complete the Options Form by Friday 7th November. You will be notified which programme of study your child will participate in once the allocation process is complete.
