## Autumn Term Data

# Scores on the Doors- Whole School

Just a reminder of our School Attendance Target- 97%

Currently, our attendance for everyone from September to now is **92%**

We are currently 5% away from our target.

I am currently really disappointed with our attendance % for the current year. This is the lowest attendance we have had in the last 4 years and we need to show that we are improving.

As a school community, we need to show that we are improving our attendance between now and July by working in partnership.

# Appreciations for Autumn

- As a school, we will continue to offer incentives and rewards for both pupils and parents to show our appreciation for ensuring your child has a good attendance
- To reward pupils with 97% or above attendance for Autumn 2, children will bring home a chocolate santa by the end of the week
- Crew MI are also going to be rewarded with hot chocolate with marshmallows and cream and cake bars for hitting 97% up until now!
- To show our appreciation to parents for 97% or above attendance, parents names will be put into a raffle, for a chance to win a £10 voucher for Asda (5 up for grabs)
- We currently have around 100 children on track for 100% attendance since 29th November, so are on for winning a free McDonalds lunch! More to come on this when the challenge finishes this week

# What will we do to reward pupils and parents in Spring Term

- Every child with 97% and above attendance for the whole of Spring Term will take home an Easter egg at the end of this term
- Parents whose children have 97% for the Spring Term will be put into the ASDA Raffle, with a chance to win a £10 voucher (5 up for grabs)

Our children love dodgeball-let's see if they can beat their Teachers/Learning Coaches!!!

# Onwards and Upwards!

## Illness and supporting our immune systems

We seem to be having lots of poorly children at the minute. We know that many of us are struggling to boost our immune systems, so it's extremely important that pupils are looking after themselves. Here's some examples..

- Vitamin supplements for children
- Lots of sleep/ early bedtimes
- Lots of fruit and vegetables

## Food for Thought...

50% of our school have missed between 5% and 10% of their education this year.

This could have a detrimental impact on pupils mental health and well being if it continues, as pupils are missing out on being with friends and vital learning.

Please support us in our drive to have more pupils in school this term.

## How many days off can pupils have if poorly...?

To achieve **97%**, this equates to ***no more than 6 days off per school year.***  
We share with the children that we should try and only take these days when we are really poorly.

## Meetings

If your child's attendance is classed as **serious (below 90%)** or **concern (between 90-95%),** it might be that we invite you into school so that together we can discuss ways to improve your child's attendance.

We are here to help!

## EWO referral

Unfortunately, if you do not attend your meeting, we will refer this to the Education Welfare Officer at the council, who will arrange to come and meet you in the home and could potentially lead to fixed penalty notices being issued if we don't see an improvement.
