Sharing our Stories as we go...

We understand that life gets busy so parents do not always get the chance to visit our website but we want to share with you all of the amazing stuff we get up to at Carcroft School; we call this sharing our stories.

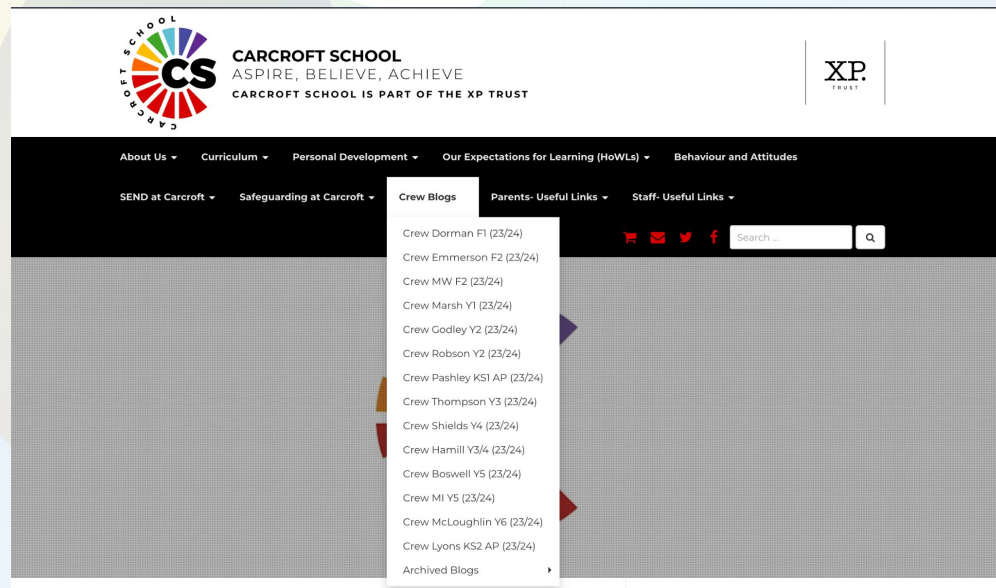

In order to share our stories, as well as blogging on our website, we are also going to provide snapshots via our weekly newsletter.

However, if you wish to see more of what your child gets up to whilst at school, head to our website using this link and head to crew blogs and select your child's crew.

Celebrating the Best Version of You!

At Carcroft School and across the XP Trust we want our children to leave us being the best version of themselves. In order to support our pupils to achieve this, we focus on three key things (3 dimensions):

1. Character Growth
2. Beautiful Work
3. Academic Success

Each week we will showcase how this is done!

Academic Success- Reading

We aspire for our pupils to leave us achieving the best they can academically across the curriculum.

Children must bring their book bag into school every day so that their reads can be checked and in case their book gets changed.

It is extremely important that children are reading daily at home.

Thank you for your support with this.

Please can we ask that children are reading their book at home for 10 minutes per day and at least 3 x per week/ ideally 4 times a week.

Academic Success- Maths

Lots of hard work and resilience this afternoon in our arithmetic session 😊

The children in Crew Frost have been working extremely hard to unpick the number 7. They used cubes to find the different number bonds to create 7 and then used this method to complete their own part, part whole model.

North, East, South West: Where could my Journey take me?

On Wednesday we continued our first case study all about King Charles III. We learnt that he became King of England after the death of his mother and that he had a ceremony called a coronation.

Today we followed instructions to make a rocket, it was a tricky but we persevered!

We used crackers and cream to show how the tectonic plates move at the different boundaries.

Being activists... Carcroft on STRIKE!
