A VERY PROUD END OF TERM

This morning we welcomed prospective future CHPS parents in for an Open Morning. This included tours led by some of our amazing Year 6 pupils and a beautiful performance by our school choir.

Showing off the school in such a way was a really lovely reminder of how brilliant both the children and staff are here and a source of real pride for us.

We hope you all have a lovely break and look forward to seeing you all back on the 4th November.

CAFT CHARITY LAUNCH

It's been lovely to launch our new school charity this week. The Children's Adventure Farm Trust is a charity that provides day trips, residential breaks and seasonal activities for children across the North West whose lives may be impacted by illness, complex medical needs, special educational needs, disability or social disadvantage.

The group of pupils who visited the Children's Adventure Farm in person on Wednesday had a tour of their fantastic site and have returned to school ready to champion the amazing work they do.

Yesterday, Hannah from the charity joined us to introduce the organisation to all our pupils, and today it's been great to end the term with such a wonderful array of colour in support of the charity.

Over the year, we will be directing all our charity fundraising to our new Just Giving page [which can be accessed by clicking on this link](#). All donations for today's dress down day are gratefully received. Stay tuned for other events our Treasury are planning in support of CAFT over the course of the year!

For more information about CAFT, please see their website here: <https://www.caft.co.uk>

POPPIY APPEAL

This year's Poppy Appeal will launch in school when we return from the break. A range of items will be available for the children to purchase from Wednesday 5th November. Donations of any value are welcomed, please send these in with your child in a named envelope.

ONE STOCKPORT FAMILY HUBS

One Stockport Family Hubs are a 'one-stop-shop' of accessible information, help, and support. They support families from pre-birth up to age 19, or 25 for young adults with special educational needs and disabilities. Support is available via an app, online, or at community Family Hubs

EDUCATIONAL ESCAPE ROOM

4ST had a special visitor from the University of Manchester who introduced Acceler8Escape, an educational escape room to engage children with science. Pupils solved puzzles corresponding to all the different parts of a particle accelerator such as lasers and magnets. It was a fantastic experience and the class even kept on solving after the timer stopped!
