

Cheadle Hulme Primary School: Sport Premium Spending: 2025-2026

What is the Sports Premium Grant?

The School Sport Premium Grant is a government package of funding for Primary School PE school sports, provided by the Department of Education, Health and Culture, Media and Sport. Funding is allocated through a lump sum and a small per pupil top up and can only be spent on sport and PE provision in school. As an academy, payments will be paid directly from the Education Funding Agency (EFA).

Purpose of funding:

Schools must spend the total funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Vision:

All pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

Objective:

To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

Indicators of such improvement to include:

1. The engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. The profile of PE and sport is raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
