

Dreams Inspiration Catalogue

Are you...

**Dreaming
of an
amazing
experience?**

Good to Know:

Before Choosing a Dream

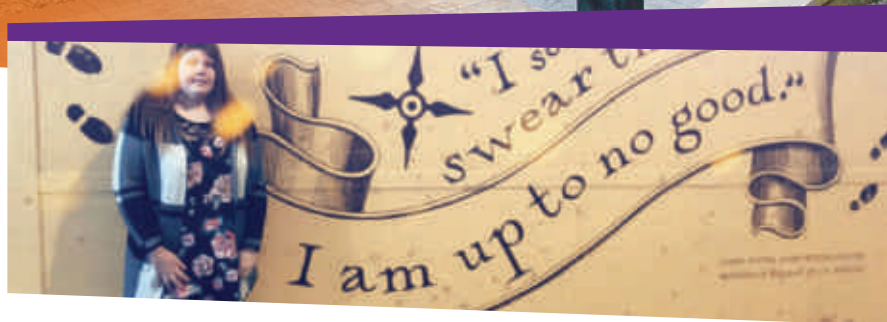

Dreams are unique, once-in-a-lifetime experiences and so it's important to take the time to ensure it's the right one for your child. Your **Dreams Coordinator** will be happy to help you to come up with ideas.

Dreams Come True can only offer one dream per child. It is likely that once your child has had their dream, other wish-granting charities will be unable to offer another.

Please be aware that each dream has a budget and once this limit has been reached, no further money can be spent. Your Dreams Coordinator will never purchase or book anything without checking that you are happy with it first.

We ask that you read through the section at the end of this document for your child's chosen dream type (experiences, holidays & equipment) as this contains some very important information.
